## Visiting T-Mobile on the Waldorpstraat, The Hague

### By car (parking in Q-park garage 'Laakhaven', Rijswijkseweg)

Coming from Rotterdam A4, Amsterdam A4 or Utrecht A12 take the direction to The Hague. On the Utrechtsebaan you take exit 3 to Den Haag Bezuidenhout/Mariahoeve. Take a left turn at the traffic lights towards the centre and follow the road in the direction of Rijswijk. At the next three sets of traffic light, continue to go straight on (the road does bend to the left after the second set of lights). After the third set of traffic light, keep going straight on still, you will drive underneath a bridge and come to a last set of traffic lights. After these lights continue straight on for 50 metres, where you will find the the Q-park garage 'Laakhaven' on your right hand side. Please park your car here. Exit the parking garage through exit Enthovenplein (Tower H). You are now in front of the passage that will lead you to the front of the T-Mobile head quarters. Please follow the signs to our main entrance.

### By public transport

T-Mobile is very easy to reach by public transport. The offices are situated directly behind railway station Den Haag Hollands Spoor. Trains from Rotterdam and Amsterdam stop there every hour. So do trams 8, 9, 10, 11, 12, 16 and 17 and the buses 5, 18, 26 and 30.

If you come from Utrecht you can catch a train from Den Haag Central Station to Den Haag Hollands Spoor or catch the trams 9, 12, 16 and 17. There are no bus connections between Den Haag Central station and T-Mobile.

If you are coming from Scheveningen or Delft you could catch tram 1 and get off at the tram stop Rijswijkseplein near the T-Mobile offices.

From the back entrance of Den Haag Hollands Spoor just cross the street and turn left. On your right hand side you'll see the T-Mobile offices.
